

**The Navajo Language by Wall & Morgan**

**The Elements of Navajo Grammar with a Dictionary in Two Parts Containing Basic Vocabularies of Navajo and English**

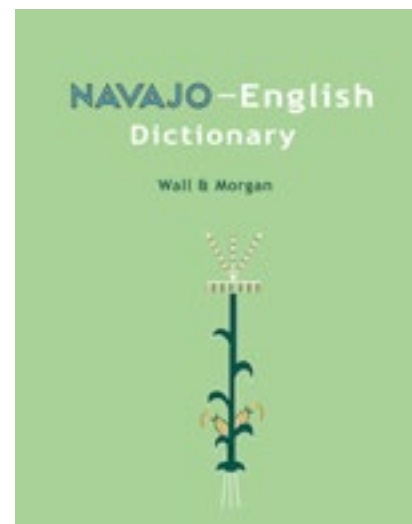

This book is a source of vocabulary and grammatical information that is indispensable for teachers and students of the Navajo language. Beginning with an explanation of the Navajo sound system, the publication is followed by a 125 page long outline of Navajo grammar. The work presented is also composed of a two part dictionary: 247 pages Navajo – English and 101 pages English – Navajo. Young and Morgan have used painstaking care in gathering, arranging and describing the numberless complex details of Navajo language. Originally published in 1943, it was supplemented with ‘The Vocabulary of Colloquial Navajo’ in 1950, using a wealth of sentence examples for each verb entry. Both publications are now once more made available by Native Child Dinétah. **500 pages**

480 pages

**A Vocabulary of Colloquial Navajo by Wall & Morgan**

This dictionary is a handy practical tool for Navajo language learners and teachers at various levels. It is meant to be a companion volume to ‘The Navajo Language’ book by Robert W. Young and William Morgan. The book deals largely with extended word meanings used in colloquial Navajo and encompasses 480 pages. Originally published in 1951 and printed by Phoenix Indian School, this publication is still the best alternative to the scholarly work Young and Morgan compiled later: in 1980 the two books were combined into a reference grammar and dictionary for the academic library.

75 pages

**Navajo-English Dictionary by Wall & Morgan**

First published in 1958, this is a simple and concise Navajo-English only dictionary. It has over 9000 entries and contains many useful every day expressions. It was originally intended for the native Navajo speaker to learn English and for non Navajos who want to acquire some knowledge of the Navajo language.
